AGENDA

1. Preparation of plans for the upcoming 6-month period
2. Initiation of preliminary work on the Mission and Vision statements
3. Preparations regarding Medical Day celebrations
4. Organization of the session titled “The Use of Artificial Intelligence in Academic Productivity”

RESOLUTIONS ADOPTED:

1. In order to facilitate planning for the upcoming six-month period, it was resolved that all units shall prepare draft plans related to their respective areas of activity and submit them to the Quality Commission.
2. It was resolved to initiate a preliminary study involving a current situation analysis and the development of draft mission and vision statements aligned with contemporary needs.
3. The planning of activities to be held within the scope of Medical Day was discussed. It was stated that the event content, organizational process, and distribution of responsibilities should be determined. Accordingly, it was resolved to make the necessary preparations in coordination with the relevant units.
4. Within the scope of the R&D Unit Coordination Office, it was resolved to organize the session titled “The Use of Artificial Intelligence in Academic Productivity,” to be delivered by Prof. Dr. Murat GÖK, Head of the Department of Informatics at Yalova University, on 27 January 2026 at the Conference Hall of Yalova Training and Research Hospital. It was further resolved to conduct a satisfaction survey to collect feedback from participants at the end of the session. Additionally, it was decided that a poster should be prepared to announce the event.

The meeting concluded with the section on wishes and recommendations.
